AEROBIC / CARDIO CLASSES

BASIC FITNESS	A challenging full body cardio/strength workout designed to work out, not wear out your body.
BODY CONDITIONING	Using weights, body bars, and bands, sculpt your body while challenging your cardiovascular endurance. Keep moving as you lift to burn more calories, improve muscle tone, and challenge your balance.
BOXING BLAST	A rigorous, fun workout taught by professional boxers. A great, powerful workout.
CARDIO AND CORE	45 minutes of cardio intervals mixed with core-focused exercises. This class will keep you moving while you build your six-pack!
CARDIO INTERVALS	Challenge your body with intervals of cardio work and strength training to increase stamina, endurance, and improve structural strength.
HIIT CIRCUIT	Get ready for 30 minutes of HIGH INTENSITY movement. Class start with ab exercises, move into a HIIT bodyweight and free weight circuit, and end with a fast and furious finisher. From squats to burpees, agility ladders, ropes, and more, nothing is off limits.
FITNESS PLUS	Blending the best of cardio and sculpting to take you and your workout to the next level. A great way to start your day!
INTENSE CONDITIONING	High intensity interval training with upper body, lower body, and core training for a complete workout.
SWEATCamp/ BODY Bootcamp	Cardio sports and exercise drills combined with strength training and exercises for functional fitness. A workout that can change your mind and your body.

AQUATIC EXERCISE

AQUABILITY FLEX	A combination of movements designed to increase flexibility and mobility, develop and improve balance, and enhance muscular and cardiovascular endurance in a safe and fluid environment.
AQUA ZUMBA	A hypnotic fusion of Latin rhythms and various dance styles...in the water. A fun dance workout for all levels.
COED / WOMEN'S ONLY WATER EXERCISE	Designed to improve strength, range of motion, and endurance using the water's natural resistance and buoyancy. Held in both pools. Limited spaces available; please arrive on time.

BALANCE / BARRE

FLOOR BARRE®	Working on the floor enables your body to correct its alignment, and elongates and strengthens muscles to support the spine. This method includes exercises to prevent knee injuries and enables healing and strengthening of stabilizing muscles for those with injuries. Socks recommended.
FLUIDITY® BARRE	Achieve the trim look of a dancer's body by using the freestanding Fluidity® Barre and your own body weight. Combining the best of ballet, yoga, and therapeutic movement, Fluidity will tighten and tone your whole body.

DANCE

DANCE FIT FLOW	Want to move and groove? This class mixes choreography with variety of musical styles, including pop, rock, disco, and Motown. It begins with a body flow warm-up and continues into a series of theatrical dance moves. It's a dance party that you want to join!
JUST DANCE	Fun and user-friendly choreography, exploring different styles of dance each week.
LET'S DANCE	Jazz, Modern, Broadway...this class has it all. Build dance skills while having fun in this flowing, energizing dance experience.
MODERN JAZZ DANCE	Explore the various styles of modern jazz dance with this easy to follow yet challenging class.
NIA DANCE/ NIA JAM	Kick off your shoes and rock your body and soul into shape the easy way. Crosstrain with movements from martial arts, yoga, and dance. Heal your body or work toward your potential.
ZUMBA®	A hypnotic fusion of Latin rhythms and easy-to-follow moves with one goal in mind—to make working out fun! Combines various dance moves to great music for an hour of calorie burning fun.

JCC RIDE—INDOOR CYCLING

HEART RATE MONITORS + CYCLING SHOES RECOMMENDED; WATER BOTTLE REQUIRED

BIKE ORIENTATION	Designed to get you safely fitted on a bike and to go over the mechanics of indoor cycling. Perfect for new riders and a great refresher for experienced riders. Learn the correct settings for a safe ride.
INTERVAL EXPRESS RIDE	Efficient and effective, this 30-minute interval ride will boost your metabolism and give you a heart-healthy workout. Participants will leave feeling full of energy, strength, and confidence.
JCC RIDE/ POWER HOUR RIDE	Take your ride inside as you develop endurance, power, and cardiovascular strength. Indoor Ride classes are 45 minutes. Power Hour Ride classes are 1 hour.

MELT®

MELT® LENGTH FOR BEGINNERS	This class is perfect for those new to the MELT® Method; our regular MELT® Length class but taught with more detail to help new participants learn.
MELT® LENGTH	Rehydrate your connective tissue and rebalance your reflexive and rooted core in this unique group exercise class. This one-of-a-kind technique improves posture, reduces the risk of injury, and assists in keeping you active and pain-free for a lifetime.
MELT® STRENGTH	This technique improves core strength, alignment, and balance by reintegrating hip and shoulder stability. Learn how to rebalance common issues in the pelvis and shoulder girdle while improving joint range of motion and muscular timing.
MELT®/AI (ACTIVE-ISOLATED) STRETCH /	MELT® rehydrates the connective tissue to increase hydration and neurological function. Together, these two modalities work to help you feel great. A.I. Stretch uses a strap or rope to assist with range of motion and helps increase flexibility in all muscle groups.
MELT® + WEIGHTS (INTERMEDIATE)	Combine the best of MELT® Length and Strength moves with light weights. <i>Prior MELT experience strongly recommended.</i>

MEDITATION + MIND / BODY

CHI GONG	Learn different styles of Chi Gong to cultivate energy and increase vitality. This gentle healing practice supports the integrity of the body, mind, and spirit, and helps alleviate discomfort from ailments.
MEDITATION	Complement your physical conditioning by learning how to meditate. Join gifted meditation teachers from a variety of disciplines. All sessions held in Makom's Meditation Oval on the 7th floor.
TAI CHI	Enjoy the benefits of practicing Tai Chi (Taijiquan): improved gait and balance, enhanced mental clarity and focus, increased stamina, and greater flexibility. Following the Classical Yang Family Style, participants will learn the initial 22 movements of the solo form, the Taiji Qigong sequences, coiling, and partner drills.

PILATES

PILATES INTERMEDIATE FLOW	Pilates Mat experience required in this Mat class that flows from one exercise to the next.
PILATES MAT	Developed by Joseph Pilates, this innovative system teaches body awareness by learning how to access your “power house” (core) to improve your posture, strengthen your core, and ultimately change the shape of your body by bringing it into better alignment.

STRENGTH + STRETCH

BACK RELIEF	Have lower back pain or discomfort? This 30-minute class will help release tightness in the lower back and improve glute strength. Glutes play a pivotal role in fitness training and the long term health of the spine. Through a series of activation and stretching exercise, you will learn how to attain and maintain a healthy lower back—with the added bonus of a firm backside!
CORE POWER	Fun and functional training to strengthen the core and improve balance. This open-level fitness class combines standing and floor abdominal exercises in a quick 30 minutes.
ELDOA STRETCH YOUR SPINE	Challenge your body as you use postural exercises to strengthen and lengthen your back and neck. This active workout creates a decompressed, relaxed spine and full body benefits of improved muscle tone and blood flow.
FELDENKRAIS® PILATES	This movement-based program weaves in cognitive challenges that will help keep both your brain and body youthful. Experimenting with novel, unusual, and functional movement generates new brain cells connections to develop agility, strength, and vitality as you age.
SIT 'N FIT	Improve circulation and learn how to work out while protecting your joints. Chairs, resistance bands, and light weights are used to increase range of motion, build strength, and improve cardiovascular fitness. A great class for those just beginning to exercise and those needing to minimize joint stress.
SCULPT + TONE	Develop muscular strength and tone using weights, body bars, and bands.
STRETCH. RELEASE. ALIGN.	Experience freedom of movement and realign your body by learning correct techniques for deep stretching.
TRX DIESEL	A combination of the TRX suspension straps, body weight exercises, and dumbbells meant to build core strength, challenge balance, and improve overall mobility. This class will sculpt and tone the entire body in just 45 minutes!

YOGA

ALIGNED FLOW YOGA	A blend of anatomical instruction and movement in a sequence of asanas (yoga postures) intended to bring the practitioner to a deep, joyful, aligned state where prana (energy) flows freely.
EMBODIED BREATH YOGA	Open awareness to the contents of our bodies: muscles, bones, ligaments, organs, and fluids. As we listen to our different body systems, we can discover all of the support we have to enhance the quality, expression, and cohesiveness of our asana.
GENTLE YOGA	A synthesis of breath (Pranayama) and basic yoga techniques (asana) designed to liberate the body and calm the mind. Learn the foundations of yoga while moving through a slower practice. Perfect for beginners and those returning to their mats and/or recovering from an injury.
HATHA YOGA	A blend of flowing asanas with the intention towards healing. Incorporating gentle yoga, active asanas, and therapeutic yogic practices to create opening, strength, flexibility, and calm. All levels.
RESTORATIVE YOGA	Using props for support, this gentle, calming practice will release tension, calm your nervous system, and create a strong sense of restoration and relaxation.
VINYASA FLOW YOGA	Vinyasa Flow Yoga focuses on the body-breath connection. Music is paired with creative sequencing to encourage your body to energetically flow through poses. Release physical tension, stretch, improve mobility, and strengthen your body.
YOGA	These alignment based classes will assist you in learning the postures and deepening your yoga practice.
